

euRONATUR
RiverWatch

The project partner NGOs EuroNatur (DE) and Riverwatch (AT) are looking for a

National campaign coordinator for the Sava in Croatia and downstream (BIH and SR)

to coordinate and conduct project activities along the Sava River in Croatia and countries downstream (Bosnia and Herzegovina and Serbia) in the framework of the international campaign "[Save the Blue Heart of Europe](#)". In this campaign, the team is working towards saving the Sava from detrimental engineering and energy plans.

He/she will be working closely together with or partners from the Croatian Society for Bird and Nature Protection and the Croatian NGO Baobab, as well as with Riverwatch (AT) – part of the international coordination team and responsible for the development of the campaign strategy.

The applicant will be responsible for the following main activities

- to coordinate campaign activities and support the development of the campaign strategy for Croatia and downstream countries in close cooperation with the above named project partners (including EuroNatur)
- to implement the activities of the developed strategy
- to engage in networking, media work, lobbying on the national level and to take on other communication tasks
- to manage project administration tasks on behalf of the Croatian project team (including regular reporting to EuroNatur)

He/she should

- be communicative, enjoy networking and be acquainted with social networks
- have good organization skills
- be a team player but able and willing to work autonomously and to take over responsibility
- speak Croatian and English (fluent writing and communication skills); Slovenian is an asset
- be knowledgeable of the basics of river ecology at least and have some experience with environmental politics and legislation, as well as with lobby work
- most importantly, be enthusiastic and motivated to save the Sava

Our offer

- The national campaign coordinator will be based in Croatia (home office possible)
- 50% position (20 hours/week) with a salary according to national standards and depending on qualification and experience
- The employment will start in December 2014 and last until September 2016 (22 months)
- We are seeking a person to be employed at the Croatian Society for Bird and Nature Protection based in Osijek

Please send your application, including a motivation letter (one A4 page max), your CV and preferably 2 references to Cornelia Wieser (cornelia.wieser@riverwatch.eu) until November 3, 2014.
